Reciprocal Agreement Out-Of-Territory Participant Registration

The below signed organizations recognize that on occasions there will be participants that will register with an organization that is not in their official high school attendance area. When these registrations occurred the organization registering the Out-Of-Territory Participant **will require** the registrant to sign an Out-Of-Territory Registration Form. Upon completion of this form the registering organization will forward to both the **Mountaineer Youth Football Conference President** and the **president of the organization in which the registrant should have officially registered** a copy of the Out-Of-Territory Registration Form. This procedure will serve as notification to both the league and official attendance area organization that there has been an Out-Of-Territory registration.

The below signed organization further agree that they **will not** actively recruit or solicit in area that is not their natural attendance area. Active recruitment and solicitation **includes but is not limited to** school flyers or circulars, direct mailing to participants, direct contact by mailing lists or e-mail correspondence, publication of registration information in newspapers or other public information sources not in the organizations attendance area, direct posting of registration information within the attendance area and entering the attendance area and conducting recruiting meetings.

The organization also agree that public notification (newspaper listings) of registration should include a **statement defining the organizations registration area** (high school attendance area).
